Five Star Support

Email Us: Get a fast best price quote that covers all promo rebates and delivery considerations.

Check out our Pre-Delivery considerations PDF:

Orders processed the same day

Fast delivery; 2 to 3 day

Total Support Pledge: Our goal is an 100% satisfaction from our customers, Issues do happen and we pledge to work with you through delivery to your first print.

Pre-Delivery Plan (Typical delivery considerations)

Delivery (A minimum of two strong men needed. Average weight of printer on pallot is 400 lbs)

Inside delivery help;

We Recommend local movers "Two Men and a Truck" that are reliable and have reasonable rates and less stain on your back. Contact them for your location, 877-720-0411.

Curbside delivery;

Lift gate needed- We recommend ! (Helps lower a heavy printer off a truck)

Delivery on your schedule;

We can assist you in setting up delivery to your schedule.

We are G7 Master Printer Qualified on EFI, GMG, Onyx, Onyx and Caldera

Other service options we can provide;

Color Management

Densitometry Training

Press and Proofing Calibrations

Media Profiling and Custom ICC Profiling
